Ästhetik Frankfurt a.M.

Language in the brain

A

Is the hierarchical structure of language linked to the functional or anatomical organization of the brain?

B

What can different techniques tell us about language processes and structures?

C

Which is the biggest challenge for the next 10 years and how can linguistics and neuroscience contribute to its resolution?

Maria Teresa Guasti

Università degli Studi di Milano Bicocca

ANYONE INTERESTED IS WELCOME

IMPORTANT: STUDENTS FROM ALL INSTITUTIONS ARE KINDLY ASKED NOT TO CONNECT LIVE into the conference.

A dedicated Youtube channel is available for the direct streaming and as video storage:
